where we used to sleep

Long ago, Geamăna was a Romanian village in the Apuseni Mountains, home to about 1000 people. Today, only the church spire rises from the poisonous mud of a neighbouring copper mine. Almost all the houses have sunk and their inhabitants fled. Only a few people held on to their home. On the edge of the past, Valeria Prața strives for her present - and is threatened by the future.

Original Title: where we used to sleep

Genre: Documentary

Duration: 82 Minutes

Year of Production: 2024

Country of Production: Germany

Director

Biography

Matthäus Wörle was born in Weilheim in 1991. After graduating from high school, he studied journalism at the University of Eichstätt-Ingolstadt and received a video journalism scholarship from the Mediaschool Bayern. After that, he studied documentary film at the University of Television and Film in Munich. He has worked for Süddeutsche Zeitung, Bayerischer Rundfunk and Nautilusfilm. Now he is a freelance director and video journalist. His films could be seen on television and have been screened and awarded at numerous national and international film festivals.
